Words to Action

Ending Systemic Racism, Police Brutality, and Inequality

Todd & Weld LLP adds its collective voice to those working to end institutional and systemic racism, police brutality, and inequality. In the last months alone, we have watched together the horrific killings of George Floyd, Ahmaud Arbery, and Breonna Taylor. The cycle of events like this that repeat themselves, generation after generation, must be broken. As a law firm, we have a commitment to equal justice for everyone, and believe this is no time for us to be silent or to stay on the sidelines.

Taking Action

To actively support efforts to affect positive change through the legal process and honor victims of color who were failed by that process, Todd & Weld has made a substantial donation to the Civil Rights and Restorative Justice Project at Northeastern University School of Law directed by Professor Margaret Burnham.
